

Developmental profile

Initials of child: _____ Age of child: _____

Name of Observer: _____

Observation Dates with times: _____

Developmental Questions	Evidence	Reflections
<p><i>Physical—Describe this child’s level of physical development.</i></p>	<p><i>What evidence do you see of the child’s physical skills? Body awareness?</i></p>	<p><i>How does the program meet this child’s physical needs? What else do you think could be done?</i></p>
<p><i>Social—How does the child relate to peers? To adults?</i></p>	<p><i>Give examples. Does the child always gravitate to others or often seek privacy?</i></p>	<p><i>What program activities are encouraging social interactions? What else do you think could be done?</i></p>

Developmental Questions	Evidence	Reflections
<i>Self</i> —What evidence do you see of the child developing a feeling of self-identity?	Give an example of the child's expression of feelings. Give an example of a success experience or a failure experience.	How do you think the child feels about himself/herself? What makes you think this? What else do you think could be done?
<i>Intellectual</i> —What activities do you observe this child participating in? Does he/she seem interested in the experience?	What evidence do you see of independent decision making? Do you observe attempts at humor?	From conversation, what is the child most interested in and like the most? Is the program meeting the child's intellectual needs? What else do you think could be done?
<i>Potential Outcome/goal for this child</i>
